MESSAGE FROM THE CHAIRPERSON

Dear Shareholders,

The real estate industry did very well in 2022. The year can be easily termed as the “turn-around year” for segments such as residential and retail, with all segments recovering from COVID lows and recording strong year-on-year growth. The real estate sector is closely linked to overall economic growth and showed signs of a sustained turn around in India during the year. The residential sector witnessed a robust demand revival.

The Indian real estate sector is expected to continue its growth trend in 2023 while dealing with the challenges of higher interest rate and economic growth and input price pressures. Sustained growth in the real estate sector is taking housing sales to pre-pandemic levels, with a 50% rise between 2021 and 2022. The real estate market will continue to be driven by various other factors such as supply and demand, regulatory framework, and overall economic conditions. Along with important policy

initiatives such as “Housing for All” and the Pradhan Mantri Awas Yojana, the government has been developing and constructing infrastructure mega-projects like highways, new airports, metros, etc.

The Company achieved Revenues of ₹ 10,818.56 Lakhs for the year 2022-2023 as against Revenues of ₹ 10,164.52 Lakhs in the previous year.

Further, the step down subsidiary of KBC Global Limited, which is the wholly owned subsidiary of KBC Global FZCO ie KBC International Limited, Ghana has entered into Memorandum of Intent with Federal Housing Authority (FHA), Republic of Nigeria. The Federal Housing Authority (FHA) is vested with mandate for development of housing in Nigeria and KBC International Limited expressed interest to partner with FHA as Engineering procurement and Financing contractor for development of low-cost housing project in Africa.

In this regard, Company has raised funds through issue of 950 foreign currency convertible bonds with value of US\$ 1,00,000 each which are listed at AFRINEX Securities List of AFRINEX Limited, Mauritius wef 17th January, 2023. Our focus will be expansion in the domestic as well as international real estate sector.

I am grateful to the team for their exceptional resilience, commitment, and ambition. We would like to thank our customers, joint venture partners and business associates for their continued support. Finally, we owe thanks to you, our shareholders, for your continued confidence in us.

Thank you

With best wishes

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

BUSINESS ENVIRONMENT

It has been a near-normal year after two years of pandemic induced challenges but the global economy continues to face headwinds of rising inflation and tapered growth. According to The World Economic Outlook (WEO) update, the world economic output growth slowed down to 3.4% in CY2022, after growing by 6.0% in CY2021. The rise in central bank rates to fight inflation and Russia's war in Ukraine continue to weigh on economic activity with its impact likely to spill over to CY2023 as well. The rapid spread of COVID-19 in China also dampened growth in CY2022, but the reopening has paved the way for a recovery. Stronger-than-expected private consumption and investment amid tight labor markets and greater than anticipated fiscal support helped the major economies.

The IMF expects growth in CY2023 to be 2.8% with a gradual pick-up in CY2024. The economic activity is expected to remain sluggish mainly due to slow down in advanced economies. For advanced economies, growth is projected to decline sharply from 2.7% in CY2022 to 1.2% in CY2023 amid financial sector turmoil, high inflation, ongoing effects of Russia's invasion of Ukraine, and three years of COVID. The growth in US slowed down in the second half of the year to end at a mere 0.9% in CY2022 and is expected to remain at 1.0% in CY2023 due to the steeper path of Federal Reserve rate hikes. Interest rate risk, the root cause of financial sector turmoil could mean a tough road ahead. Growth in the Euro area is

expected to bottom out at 0.7% in CY2023 reflecting the effects of faster rate hikes by the European Central Bank, lower wholesale energy prices, and additional announcements of fiscal purchasing power support in the form of energy price controls and cash transfers. For emerging market and developing economies, growth is projected to rise modestly, from 3.9% in CY2022 to 4.0% in 2023. Growth in emerging and developing Asia is expected to rise in CY2023 to 5.3% after the deeper than expected slowdown in CY2022 to 4.3% attributable to China's economy. Growth in China is projected to rise reflecting rapidly improving mobility and full reopening. India's economy on the other hand, will slow down from 6.8% in CY2022 to 5.9% in CY2023 as per world economic outlook, impacted by rising global inflation and the resultant interest rate hikes. Global inflation is set to fall, although more slowly than initially anticipated, from 8.7% in CY2022 to 7.0% in CY2023 as the massive and synchronous tightening of monetary policy by most central banks should start to bear fruit. Commodity prices have generally seen a correction since October 2022. Oil prices also are projected to fall by 24% by IMF in CY2023, whereas non-fuel commodity prices are expected to remain broadly similar. There are numerous downside risks to weigh on outlook like stalling recovery in China, escalation of war in Ukraine, sudden repricing in financial markets, and geopolitical fragmentation. Also, high post-pandemic debt burden will pose to be an ongoing challenge for many countries over the next few years. The upside though can come through pent-up demand boost fueled by excess private savings from pandemic fiscal support and in many cases, still-tight labor markets and solid wage growth; or

through faster disinflation as easing in labor market pressures in some advanced economies due to falling vacancies could cool wage inflation.

INDIAN ECONOMY

The Indian economy continues to remain fairly resilient in the last year despite the global headwinds. However, it will see a moderation in growth in FY24 to 5.9-6.3% as per various estimates as against 6.9% in FY23. Rising borrowing costs and slower income growth will weigh on private consumption growth, and government consumption is projected to grow at a slower pace due to the withdrawal of pandemic-related fiscal support measures. Despite this, India will remain one of the fastest growing economies in a challenging global environment.

India's GDP grew by 6.9% in FY23 due to steadfast domestic demand, government's unwavering focus on infrastructure spending and low base effect. Volatile commodity prices have impacted profitability, particularly of MSMEs, while export-oriented sectors face headwinds from a slowdown in their major markets. The headwinds of higher input cost and challenging global environment will continue in FY24 also. The increase in repo rate by RBI by 250 bps since the beginning of FY2023 to contain inflation is expected to slow down the growth rate as the full effect of rate hikes will be felt in FY2024. RBI though is expected to continue its accommodative stance to growth as seen in its April 2023 Monetary Policy Committee meeting where rates were maintained. India's banking system has been largely insulated from recent failures of certain banks globally. Interest rate risk, the root cause of stress at some banks in the US, is relatively

lower for Indian banks. Loans which form about 70% of asset book of banks in India are largely floating in nature. Also, the base interest rates in India are higher than global peers, making the sensitivity of investments to mark-to-market losses relatively lower. Consumer inflation is expected to moderate from 6.8% in FY23 to 5.2% in FY24, owing to a high-base effect. A good rabi harvest would help cool food inflation and a slowing economy to moderate core inflation. The World Bank expects the government to meet its fiscal deficit target of 5.9% of GDP in FY24 and narrow the current account deficit to 2.1% from an estimated 3% in FY23 on the back of robust service exports and a narrowing merchandise trade deficit.

While the short-term outlook seems to be challenging given the rising interest rates, external supply shocks and geopolitical tension, we do believe the government is doing the right things to ensure a sustainable growth path for the country. The union budget presented this year was very supportive of the long-term growth of the real estate sector in India through its focus on urban infrastructure and the digital economy. The government's sharply expanded capital expenditure target for the year is expected to create job opportunities and higher economic activity.

REAL ESTATE SECTOR

The post-pandemic picture for real estate sector is a paradigm shift from before. The pandemic has reinstated the importance of home ownership and the attitude of customers towards residential properties has seen a substantial shift. Preference for larger sized apartments, inclination towards reputed developers and a rising demand for townships

projects are just some of the emerging trends. Fiscal 2023 was a milestone year for the Indian Real estate sector with all-time high sales. The sector showed healthy growth on the back of a high base achieved in fiscal 2022. The demand pick-up seen in the second half of fiscal 2021 has continued into fiscal 2023 and is expected to continue in fiscal 2024. The number of launches are also increasing and touched a decadal high last year, inventory is continuing to show a decline or stability across Tier-1 cities, indicating a healthy demand momentum. While the residential segment witnessed strong performance, commercial office sector continues to remain sluggish with demand not yet reaching the pre-pandemic levels. The challenges to office space demand has been the work from home trend and slowdown in global economic growth. The global slowdown directly impacts sectors like IT/ITeS which is the major occupier of office space in India. Retail real estate sector though, is back to full swing with consumption recovering beyond pre-pandemic levels and should continue the momentum.

RESIDENTIAL REAL ESTATE MARKET

The residential market has sustained the momentum seen in the latter half of fiscal 2022. The robust performance of the sector during last year signifies the strength of the underlying demand for property. The demand is driven by healthy economic recovery post pandemic, healthy affordability compared to historic levels and other favorable macroeconomic factors. The industry though faced headwinds of steep rise in raw material costs, consumer inflation and a sharp increase in borrowing costs. Heightened savings during the lockdowns, relatively little

income disruption in the mid and high-income categories and a comparatively strong economic growth outlook have sustained demand in the Indian residential market. With the 250 BPS repo rate hike by central bank to fight inflation, and consequent increase in home loan rates during the fiscal 2023, residential real estate demand was uncertain. The same was seen in other markets around the world. However, residential demand in the country has not only remained resilient but surged to a nine year high in terms of annual sales in CY2022 as per property consultant Knight Frank¹. The housing sales were 41% higher yoy in terms of units sold in CY22 as against CY21. According to the Knight Frank affordability matrix, the affordability declined in CY22 as against CY21 due to the rate hikes and price increase. However, all markets except Mumbai, are recorded to be well below the threshold of comfortable affordability of 50%, a level exceeding which banks rarely underwrite a home-loan. Mumbai was the only city that recorded a higher than threshold affordability ratio at 53%, although it has improved the most since CY2010. The affordability had increased dramatically since CY2015 due to declining interest rates. An EMI/Income ratio of over 50% is considered unaffordable according to the matrix and most cities had witnessed a dramatic increase in affordability in this period due to decadal low interest rates and decline in home prices. While the trend has reversed, the affordability continues to remain better than historic levels. Healthy absorption in residential units coupled with rise in input costs led to an increase in prices in many micro markets. Across the 4 major markets of NCR, MMR, Bengaluru and Pune, the prices have increased by 7% on average in CY22. If this significant sales velocity

is sustained in residential realty, the upward price revision may continue as the median home loan rates have still not breached the pre pandemic levels of CY2019. The requirement for work from home setups has also emerged as a factor influencing homebuyer preferences. The demand for real estate is also seen beyond Tier-1 cities and it is likely to lead the sector's growth in the coming years. The resurgence in demand has also put residential development into overdrive with the annual volume of units launched, also reaching nine-year highs. Notably, the inventory for the sector, which had seen a correction every year in the last 9 years has now stabilized. However, with improved demand inventory in terms of quarters-to-sell (QTS) is still continuing to show an improvement. QTS is lowest at 7.2 at the end of CY22, an improvement from 10 a year ago, and denotes a healthy market scenario. The industry continues to consolidate with residential developments steadily shifting into the hands of stronger developers who have been able to weather the economic storm created by the pandemic. As per credit rating agency CRISIL Ratings limited, the share of large listed developers has increased to ~24% in fiscal 2023 from ~14% before the pandemic and their share will continue to increase as share of new launches by these large listed developers was 40- 45% in last fiscal.

OFFICE MARKET

CY2022 was a volatile year for the Indian office market which was dented by fears of global economic slowdown. These global headwinds not just weighed down growth projections for the Indian economy, it also weighed on some leasing transactions particularly in Q4CY22. Nevertheless, the Indian office space market concluded CY2022 with a

significant 36% YoY growth in transaction volumes to 51.6 million sq. ft. and a 28% YoY growth in completions to 49.4 million sq. ft. Consequently, the occupancy levels have remained steady at 17.1%.

BUDGET 2023 – TAKEAWAYS

The union budget presented this year was supportive of the long-term growth of the real estate sector in India through its focus on urban infrastructure and the digital economy. The Government's rising focus on infrastructure capex will create a backdrop of opportunity for the real estate sector. Some of the key measures include:

Housing for All

The Government allocated ₹79,000 Crore, 66% higher than last year's allocation, under the Pradhan Mantri Awas Yojna (PMAY) initiative which will be used for both urban and rural markets. The government plans to complete its target of over 4 Crore houses across both urban and rural markets, which will be allocated to persons eligible under the scheme. In addition, it plans to make the land and construction approval process more efficient.

Urban Development Plan

The Real estate sector is expected to benefit from emphasis laid on development and urban planning in Tier 2 and Tier 3 cities in the budget. The National Housing Bank (NHB) will oversee the proposed Urban Infrastructure Development Fund (UIDF). This will help public agencies develop infrastructure in Tier 2 and Tier 3 cities. A ₹10,000 crore budget has been proposed for this fund. Furthermore, five centres of excellence for urban planning have been proposed, which will provide

the sector with a channel to hire trained professionals. A committee of urban planners, economists, and institutions will be formed to make recommendations on urban sector policies, capacity building, planning, implementation, and governance. **Municipal Bonds** The budget also proposed property tax reforms to provide cities with incentives to improve their credit ratings for municipal bonds. These bonds have the potential to alleviate urban infrastructure woes while also improving real estate sentiment in these areas.

BUDGET 2023 – KEY TAKEAWAYS FOR CLIMATE CHANGE

The Union Budget FY 2023-24 promises sustained economic growth through its vision for the Amrit Kaal Blueprint for an empowered and inclusive economy. The focus is on sustainable growth for continued recovery from the global economic slowdown, caused due to the COVID-19 pandemic and the Russia-Ukraine war. The multi-pronged approach adopted by the Budget includes targeted capital investment, with a thrust on green infrastructure, to help facilitate GDP growth. There is a 33% increase in capital investment outlay, and an estimated GDP growth of 5.9-6.2% forecasted for FY 2023-24. The thrust on the infrastructure sector to drive growth is also evident in the 66% increase in the outlays for the Pradhan Mantri Awas Yojna (PMAY), setting up of the Urban Infrastructure Development Fund (UIDF), and many other sector-linked initiatives. Green Growth is one of the 7 priority areas of the Budget FY 2023-24. The initiatives for the same are spread across industries including agriculture, Oil and Gas, Infrastructure, Transport, etc. to enable inclusive and sustainable growth. The recently

launched Hydrogen Mission with an outlay of ₹19,700 crores⁴, will aid India's transition to a low carbon economy. Under the Galvanizing Organic BioAgro Resources (GOBAR)-Dhan Scheme an investment of ₹10,000 crores has been estimated, to facilitate circular economy through the setting up compressed biogas plants. Whether it be through setting of Bio-Input Resource Centres, or through increasing battery storage capacity, infrastructure development is a major focus area of Green Growth.

OPPORTUNITIES

Housing Demand

The pandemic has nudged a lot of fence-sitters to convert into first-time home buyers and existing ones to upgrade to larger homes by re-establishing the security that homeownership offers, resulting in rising housing demand across segments. An expected economic recovery along with the belief of housing prices bottoming out amongst consumers and rising income levels are some of the factors which will drive the housing demand going ahead. Hybrid working models will also continue to drive demand for larger homes. Employers are expected to continue to offer flexibility to their employees in order to attract and retain talent.

Sector Consolidation

The highly fragmented Indian real estate sector has been in a prolonged consolidation phase from the past few years and the pandemic has been one important factor pushing weaker players out of business. The disruptions in the real estate sector have ensured that no new player has an easy entry into the sector. As the sector moves towards fewer big players in each region, the

consolidation presents a lucrative opportunity for the existing real estate developers to cater to the rising housing demand.

Affordable Housing

Affordable housing continues to remain a significant opportunity for developers and key focus area of the government. While the tax benefit for first-time homebuyers and tax holiday for developers in affordable housing segment was rolled back in Budget 2022, we believe it will not deter homebuyer's decision of purchasing homes and demand will continue to be strong in affordable housing segment. Interestingly, the share of launches in the affordable segment across the top 7 cities of India, has dropped from 26% in CY2021 to 20% in CY2022, according to ANAROCK Research. The affordable housing segment could see a meaningful uptick in demand with an expected economic recovery and rising income levels.

Digital Real Estate Sales

Digital marketing has emerged as an important tool for real estate developers for their sales and customer outreach. Post-pandemic, the marketing activities are not just limited to tap new customers or brand recognition, but establishing a personal touch through digital means. With the tech-enabled tools to close real estate purchases online, developers have been able to record healthy sales even during the lockdown. Digital collaboration tools can be leveraged by the developers to interact with potential customers, showcase project brochures, facilitate virtual site tours, and focus on NRIs to propel the sales. Emerging tools such as virtual reality, augmented reality, AI-powered chatbots are being extensively used to establish

personalized services with prospective customers. Going ahead, it will be imperative for the developers to adapt to a tech-savvy future and the proportion of real estate business generated online is expected to only rise further.

THREATS AND CHALLENGES

Regulatory Hurdles

Real estate sector is a highly regulated sector and any unfavorable changes in government policies and the regulatory environment can adversely impact the performance of the sector. There are substantial procedural delays with regards to land acquisition, land use, project launches and construction approvals. Retrospective policy changes and regulatory bottlenecks may impact profitability and affect the attractiveness of the sector and companies operating within the sector.

Monetary Tightening and Funding Issues

There has been a contrasting trend in real estate lending over the past few years wherein reputed, low leveraged developers continued to enjoy easy access to liquidity as the lenders remained selective and weaker developers struggled with limited sources of capital. Real estate sector performance is closely linked to economic recovery and its monetary policies. The Reserve Bank of India has so far maintained accommodative stance. Going ahead, we expect to see monetary policy remain tight and gradually ease as the central bank tries to support the economic recovery and also balance inflation.

SEGMENT-WISE PERFORMANCE

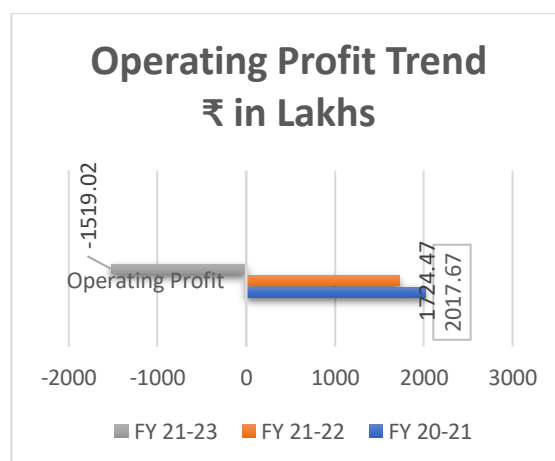

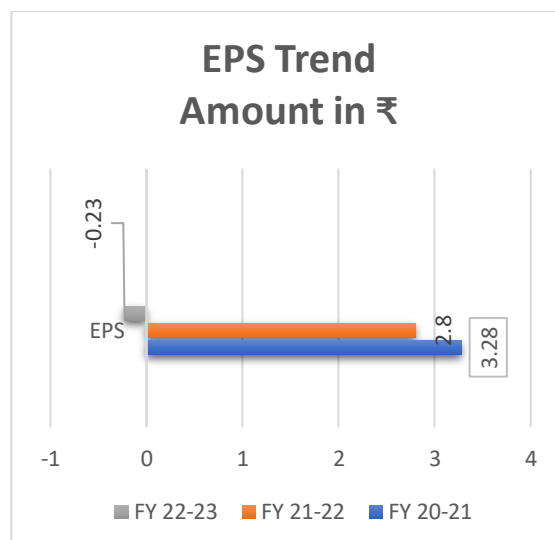

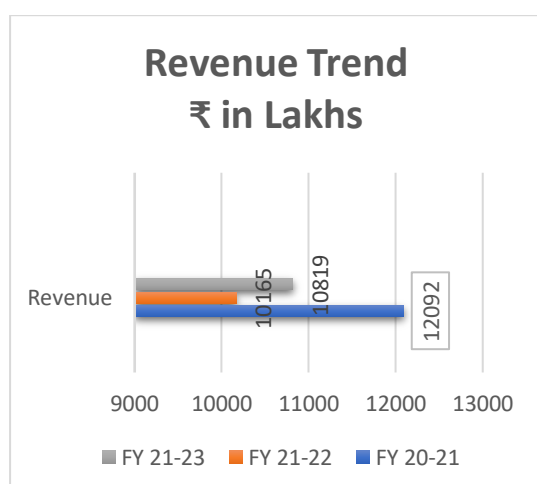

During the year the revenue from real estate segment stood at ₹ 1,017.60 Lakhs as compared to revenue of ₹ 3,362.59 Lakhs of FY 2021-2022. Also Contractual income of the company for FY22-23 is ₹4,046.66 lakhs as compared to income of ₹ 3,006.98 Lakhs.

HUMAN RESOURCES DEVELOPMENT

The Company had 66 permanent employees as on March 31, 2023 at various levels. The Company has a HR Policy in place and encouraging working environment. The Company has continued to focus on various aspects like employee training, welfare and safety thereby maintaining a constructive relationship with employees.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

Performance highlights

KEY FINANCIAL RATIOS

In accordance with SEBI (Listing Obligations and Disclosure requirements 2018) (Amendment) Regulations 2018, the Company is required to give details of significant changes (Change of 25% or more as compared to the immediately previous financial year) in key sector specific financial ratios:

Ratios	FY 2022 - 2023	FY 2021 - 2022	Explanations
Trade Receivables	1.29	1.58	Revenue from operations were

Turnover			reduced during the year and Trade Receivables were increased due to the unbilled revenue component of civil works contracts. Hence, this ratio was declined
Current Ratio	8.74	3.23	During the year, the company has advanced loan to its Subsidiary company, therefore the amount of current assets has comparatively increased from last year and accordingly the

			deviation is more than 25%.
Debt - Equity Ratio (in times)	0.14	0.64	The amount of average total equity has increased due to conversion of FCCB at the option of the holder, accordingly, there is deviation in the ratio of more than 25%.
Net Profit Margin %	- 13.97 %	15.49 %	The company has reported loss for the current financial year, hence the ratio has decreased more than 25%.

OUTLOOK

The outlook for the real estate sector appears positive in 2023 with growth expected in both the commercial and the residential segments. Different research reports on the sector and views from real estate players indicate a positive momentum in 2023.

As per a year-end report from real estate services firm JLL, the office, residential as well as warehousing segments have performed extremely well in 2022 and are expected to continue their upward trajectory in 2023 as well. Similarly, as per CRISIL, amid the recession buzz, office leasing is still expected to grow 10-15 per cent in the next fiscal too and despite the growth momentum tempering, credit profiles of commercial realtors are expected to remain healthy.

As per JLL, the net absorption in office space for 2022 is likely to be up 50 per cent Y-o-Y with 2023 expected to further build on the gains of this year. As per the report, supply addition and forecast pipeline remain strong with institutional share at 30 per cent; headline vacancy is likely to inch up within a tight range.

The net absorption in 2023 for office space is expected to be at 37-40 million sqft. The report observes that there is a slight decline in space take-up by technology firms, but manufacturing, healthcare and flex are major movers in 2022 and are also expected to remain big drivers of office demand in 2023. The technology, as well as the GCC story, will continue to support the office market momentum in 2023 as well.

The JLL report observed that the residential segment has witnessed the fastest recovery with annual sales in 2022 expected to surpass 2,00,000 units, the highest in over a decade and nearing the 2010 sales of 2,16,762 units. Quarterly residential sales were over 50,000 units in each of the first three quarters of 2022. The report highlights

that as incomes get adversely impacted by inflationary pressures and global headwinds, the affordability synergy prevailing in the last six months has been challenged. While affordability is likely to be impacted, the slowing momentum looks to be temporary with the country's focus on economic growth along with the likely easing of inflationary pressures.

JLL report pointed out that the trend of launching plotted developments and independent floors is expected to grow with buyer preferences more inclined toward such products. Developers also get the advantages of faster execution and quick inventory liquidation with such products. Apart from the affordable and mid-segment, the traction is expected to take place in the premium segment as well, backed by launches by established developers in prime locations.

Similarly, as per the CRISIL report, though the demand will be below the pre-pandemic high of 42 million square feet (msf) in fiscal 2020, it would be within sniffing distance of the fiscal 2019 mark of 34 msf. As per CRISIL while the global recessionary headwinds and slower hiring in technology may lead to a possible deferment of leasing plans, thereby subduing demand growth in the next two quarters, the strength of the Indian economy and competitiveness of commercial real estate will keep the demand drivers intact. As per CRISIL, the credit profiles of commercial realtors will remain healthy in the milieu, backed by adequate leverage.

BUSINESS RESPONSIBILITY REPORT

Introduction

KBC Global Limited (“the Company” or “We”) presents its Business Responsibility Report for the financial year ended March 31, 2023 pursuant to Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and SEBI notification dated November 4, 2015.

The disclosures on Business Responsibility are aligned with the nine principles of National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business, as notified by the Ministry of Corporate affairs (‘MCA’), Government of India.

Over the years, the Company has been striving to build and maintain a strong structure by bringing together strengths to unlock new avenues for growth and delivering a more diversified suite of products and services to meet the needs of a growing India. We are committed towards constant innovations in Construction, and related activities to meet the nation’s constantly increasing residential and commercial infrastructure demands. We aim to pave the way for a future that provides affordable shelter for everyone and everywhere; from the smallest villages to the largest cities.

Thus, the culture of and awareness regarding catering to environmental, social, health and safety needs are imbibed in the very nature of the Company’s business model. We embrace environmental and social responsibility while creating value for our stakeholders.

The Company’s philosophy on each principle is reproduced below:

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

We believe that for a successful and sustainable business, a strong foundation of ethical corporate citizenship and establishment of good corporate culture is essential. We are committed to operate our business ethically in a manner such that all stakeholders i.e. investors, creditors, customers, employees, and even competitors, the government and the society at large, are dealt with in a fair manner. We have always believed in adhering to the best governance practices to ensure protection of interests of all stakeholders of the Company in tandem with healthy growth of the Company.

The Company strives to maintain high standards of ethics in all spheres of its business activities. The Board of Directors and Senior Management strive and endeavor to set examples of utmost ethical behavior.

The Company’s core management team aims at inculcating ethical behavior at all levels across the Company making it an essential part of the work culture so that every employee of the Company conducts himself with professionalism, honesty and integrity, and conforms to high moral and ethical grounds.

Further, the Company also encourages transparency of operations by ensuring that the statutory disclosures are governed by the Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information, Determination of Materiality Policy, etc. The Company also regularly publishes necessary disclosures, investor presentations and important updates on its website. The Company informs all relevant stakeholders of the operating risks and strives to redress the issues raised as promptly as possible, being accountable for its actions.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

We believe that sustainable development meets the needs of the present, without compromising the ability of future generations to meet their own needs. The Company endeavours to implement the principles of sustainability into the various stages of product or service lifecycle, including procurement of raw material/service, manufacturing products or delivery of service, transportation of raw materials and finished goods, and disposal by consumers. We strive to ensure that the exploitation of resources, direction of investments, orientation of technological development and institutional change are in harmony and enhance both current and future potential to meet the human needs and aspirations.

The Company creates consumer awareness regarding their rights through product labelling, appropriate and helpful.

Marketing communication, mentioning full details of contents and composition as per the applicable laws and promotion of safe usage and disposal of products. The Company ensures that manufacturing processes and technologies required to produce its products are resource efficient and sustainable, even while designing the products.

Principle 3: Businesses should promote the well-being of all employees

Well-being of all employees is of prime importance to the Company. Safety, health and work life balance of employees are extremely important to the Company. We believe in giving our employees ample opportunities of growth by encouraging them to suo moto take up initiatives in the interest of the Company so that they are

motivated, result oriented and committed to achieve excellence in their domain. We strive to provide work environment in which all individuals are treated with mutual respect and dignity.

The Company follows a policy of not employing child labour, adolescent labour, forced labour or any form of involuntary labour, paid or unpaid in any of its offices and plants and ensures fair, timely and transparent payment of statutory wages to all its employees without discrimination.

The Company provides a workplace environment that is safe, hygienic, humane and which upholds the dignity of the employees. It provides facilities for the well-being of its employees including those with special needs. The Company also complies with the statutory provisions pertaining to its employees and in particular about the health, safety and well-being of our employees.

We regularly conduct programs for enhancing the skills of its employees, improve their morale and for their overall career development. This is done through various sensitization programs, on-the-job training or training through various programmes - internal or external to upgrade their skills and competencies which shall include training to handle machines, raw materials and other products used during manufacturing of the products. Such trainings are imparted on a non-discriminatory basis based on the needs of the employees/ business.

Principal 4: Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized

We believe in the principle that the interest of all stakeholders must be protected and at the same time, the Company must be responsive towards them and their needs,

especially those who are disadvantaged, vulnerable and marginalised. Stakeholder engagement leads to increased transparency, responsiveness compliance, organisational learning, quality management, accountability and sustainability. The Company identifies its stakeholders, understands their concerns and commits to engage with them. We acknowledge, assume responsibility and are transparent about the impact of our policies, decisions, products, services and associated operations on the stakeholders.

Principle 5: Businesses should respect and promote human rights

The Company respects and promotes human rights of all individuals. It is committed to identify, prevent, and mitigate adverse human rights impact resulting from or caused by business activities beforehand or if they occur, through human rights due diligence and mitigation processes. We recognize the Company's impact on the communities in which we operate. We believe that local issues are most appropriately addressed at the local level. We are also committed to creating economic opportunity and fostering goodwill in the communities in which we operate through locally relevant initiatives.

The Company aims at integrating respect for human rights in management systems, through assessing and managing human rights impact of operations, and ensuring all individuals impacted by the business have access to grievance mechanisms. Within its sphere of influence, the Company promotes awareness and realization of human rights across its value chain.

Principle 6: Businesses should respect, protect, and make efforts to restore the environment

The Company is committed to adopt business practices that create long term stakeholder value by implementing

opportunities and managing risks arising from economic, environmental and social developments. We strive to utilize natural and manmade resources in an optimal and responsible manner and ensure the sustainability of resources by reducing, reusing, recycling and managing waste.

We ensure that benefits arising out of access and commercialization of biological and other natural resources and associated traditional knowledge are shared equitably and continuously seek to improve our environmental performance by adopting cleaner production methods, promoting use of energy efficient and environment friendly technologies and use of renewable energy.

Principle 7: Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

We understand that during the course of Company's operations, consistent and transparent interactions with various regulatory authorities and social organisations are required to be undertaken.

We ensure that our engagement with the relevant authorities is guided by the values of commitment, integrity, transparency and the need to balance interest of diverse stakeholders. We engage with industry bodies and associations to influence public and regulatory policy in a responsible manner.

The Company works with industry organisations which are engaged in policy advocacy in a responsible manner and ensure that advocacy position remains consistent with its values and philosophy.

Principle 8: Businesses should support inclusive growth and equitable development

We believe that sustainable development calls for concerted efforts towards building

an inclusive, sustainable and resilient future for people and planet. In order to achieve inclusive growth and equitable development, harmony of economic growth, social inclusion and environment protection is important.

The Company is committed to ensure protection of interest of all its stakeholders. In order to achieve inclusive growth and equitable development, we engage in various CSR projects in accordance with Schedule VII of the Companies Act, 2013.

INDEPENDENT AUDITORS' REPORT

**To The Members of KBC Global
Limited**

*(Earlier known as Karda Constructions
Limited)*

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of KBC Global Limited ("the Company"), which comprise the standalone balance sheet as at 31 March 2023, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year ended on that date, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The Key Audit Matter	How the matter was addressed in our audit
1. Accuracy of revenue recognition, measurement, presentation and disclosures as per Ind AS 115 “Revenue from Contracts with Customers”.	
<p>Measurement of revenue recorded over time which is dependent on the estimates of the costs to complete</p> <p>Revenue recognition involves significant estimates related to measurement of costs to complete for the projects. Revenue from projects is recorded based on the Company’s assessment of the work completed, costs incurred and accrued and the estimate of the balance costs to complete.</p> <p>Considering the significant estimate involved in measurement of revenue, we have considered measurement of revenue as a key audit matter.</p> <p>Due to the inherent nature of the projects and significant judgment involved in the estimate of costs to complete, there is risk of overstatement or understatement of revenue.</p>	<p><u>Principle Audit Procedures</u></p> <ul style="list-style-type: none"> • Evaluating that the Company’s revenue recognition accounting policies are in line with the applicable accounting standards; • Obtaining and understanding revenue recognition process including identification of performance obligations and determination of transfer of control of the asset underlying the performance obligation to the customer; • Identifying and testing operating effectiveness of key controls around approvals of contracts, milestone billing, intimation of possession letters / intimation of receipt of occupation certificate and controls over collection from customers; • Identifying and testing operating effectiveness of key controls over recording of project costs; • Comparing the costs to complete workings with the budgeted costs and inquiring for variance; • Comparison of the estimated costs with the costing details as mentioned for registration of the projects with the Maha RERA website.

2. Valuation of Inventories – Assessing the net realisable value	
<p>Inventory represents the capitalized project costs to date less amounts expensed on sales by reference to the aforementioned projections. It is held at the lower of cost and net realisable value (NRV), the latter also being based on the forecast for the project. As such inappropriate assumptions in these forecasts can impact the assessment of the carrying value of inventories.</p>	<p><u>Principle Audit Procedures</u></p> <ul style="list-style-type: none"> • Discussion with the management to understand the basis of calculation and justification for the estimated recoverable amounts of the unsold units (“the NRV assessment”); • Evaluating the design and implementation of the Company’s internal controls over the NRV assessment. Our evaluation included assessing whether the NRV assessment was prepared and updated by appropriate personnel of the Company and whether the key estimates, including estimated future selling prices and costs of completion for all property development projects, used in the NRV assessment, were discussed and challenged by management as appropriate;

	<ul style="list-style-type: none"> Evaluating the management's valuation methodology and assessing the key estimates, data inputs and assumptions adopted in the valuations, which included comparing expected future average selling prices with available market data such as recently transacted prices for similar properties located in the nearby vicinity of each property development project and the sales budget plans maintained by the Company;
3. Tax Assessments	
Review, effect and presentation of completed tax assessments	<p><u>Principle Audit Procedures</u></p> <ul style="list-style-type: none"> Verification of details of completed tax assessments and demands as at 31 March 2023, followed by verification of tax refunds on completed tax assessments and treatment of the same in books of account and financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a

material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the

Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if,

individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the

audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we

determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

(a) During the period ending March 31, 2023, the Company has issued 950 Foreign Currency Convertible Bonds ("FCCB") of face value of USD 1,00,000 each amounting to face value of USD \$95.00 million at 1.50% Coupon Rate at a discount of 15.00% and the Company raised USD 80.62 million (Net of 15% discount) i.e. on November 21, 2022. These FCCBs are listed on AFRINEX Exchange (Mauritius). Maturity tenure of these FCCBs is 37 months and is convertible into listed Equity Shares at the option of the holder of the FCCBs.

These violations include violations with respect to end use & deployment of

funds borrowed in the form of External Commercial Borrowings (“ECB”) and delay & erroneous reporting of respective forms under above mentioned Regulations and the Rules.

(c) The Company has attempted to remedy the violations. Further, the Company has filed a Compounding Application on May 8, 2023 to the Reserve Bank of India (“RBI”) in the aforesaid matter which was further resubmitted on July 6, 2023. The said application is pending to be processed by the RBI. Financial implication cannot be quantified till the Compounding process is completed which may lead to additional liability on the Company.

(d) As per information received from the management, the company has provided the Corporate Guarantee in respect of the loans taken by Shree Sainath Land & Development (India) Private Limited from LIC Housing Finance Limited. However, the said loan has become NPA now and the borrower has received demand notice u/s 13(2) of the Sarfaesi Act, 2002. Accordingly, corporate guarantee given by the company for such loan can be invoked which may lead to additional liability on the company. The company holds only 15% stake in Shree Sainath Land & Development (India) Private Limited.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors’ Report) Order, 2020 (“the Order”), issued by the Central Government of India in terms of sub-section 11 of section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and

according to the information and explanations given to us, we give in the “**Annexure A**” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.

- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**” to this report.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditor’s) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at 31 March 2023 on its financial position in its standalone financial statements - Refer Note 51 to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other

persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has

caused us to believe that the representations under sub clause (i) and (ii) of Rule 11(e) of the Companies (Audit and Auditor's) Rules, 2014 contain any material misstatement.

v. The Company has neither declared nor paid any dividend during the year.

h) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure "A" to the Independent Auditor's Report on Standalone Financial Statements of KBC Global Limited for the year ended 31 March 2023

(Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

In terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) Property, Plant and Equipments

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets including property, plant and equipment and investment properties and investment property under construction.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment including investment properties are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment and investment properties were physically verified during the year. In our opinion, this periodicity of physical verification

is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) are held in the name of the Company.

(d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year.

(e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) In respect of Inventories

(a) The inventory, comprising of raw materials and finished goods, has been physically verified by the management during the year except for raw material stocks lying with the third parties. In our opinion, the frequency of such verification is reasonable, and procedures and coverage as followed by management were appropriate. In respect of stocks lying with third

parties at the year end, written confirmations have been obtained. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory. The Company's inventory also includes construction work in progress and entitlement to Transferable Development Rights, to which the requirements under paragraph 3(ii) of the Order are not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crores rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks are not in agreement with the books of account of the Company.

(iii) Loans granted

(a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has made investments, granted loans and advances in the nature of loans, secured or unsecured to companies, limited liability partnership and other parties in respect of which the requisite information is as below. The Company has not provided the corporate guarantee to other company during the year.

(INR in Lakhs)

Particulars	Guarantees	Security	Loans	Advances in nature of loans
Aggregate amount during the year				
- Subsidiaries			65,899.80	
- Joint Ventures			-	
- Associates			-	
- Others	9,851.82		-	
Balance outstanding as at balance sheet date				
- Subsidiaries			65,601.50	
- Joint Ventures			-	
- Associates			-	
- Others	-		-	

The Company has not provided any security or advances in the nature of loans to any other entity during the year.

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, as the loan agreement has not been executed between the company and its subsidiary, we are not able to comment on the clause of terms and conditions of the grant of loans and guarantees provided during the year. Also, as the loan in respect of which the company has paid the corporate guarantee to the other party, has become NPA during the year, thus in our opinion the guarantees provided are, prima facie, prejudicial to the interest of the Company.

(c) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion as the loan agreement has not been executed between the company and its subsidiary, we are not able to comment on this clause.

(d) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, since the loan agreement has not been executed between the company and its subsidiary and as there is no schedule for repayment has been so prescribed, therefore, we are not able to comment on this clause.

(e) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, since the loan agreement has not been executed between the company and its subsidiary and as there is no schedule for repayment has been so prescribed, therefore, we are not able to comment on this clause.

(f) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, since the loan agreement has not been executed between the company and its subsidiary and as there is no schedule for repayment has been so prescribed, therefore, we are not able to comment on this clause.

(iv) Loans, Investments, Guarantees and Security

According to the information and explanations given to us and on the basis of our examination of records of the Company, the company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 ("the Act") with respect of investments made and loans, guarantees provided by the Company. The Company has not provided any security in connection with a loan to any other body corporate or person and accordingly, compliance under Sections 185 and 186 of the Act in respect of providing securities is not applicable to the Company.

(v) Deposits

The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) Cost records

We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.

(vii) Statutory Dues

(a) According to the information and explanations given to us and on the basis of our examination of records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employees' State Insurance, Goods and Service tax, Labour cess, Professional tax, Property tax, Cess and other material statutory dues have not been regularly deposited during the year by the Company with the appropriate authorities. Amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income tax have not been regularly deposited during the year by the Company with the appropriate authorities, though there have been slight delays in a few cases. As explained to us, the Company did not have any dues on account of wealth tax.

(b) According to the information and explanations given to us, undisputed amounts payable in respect of Provident fund, Employees' State Insurance, Profession tax, Property Tax, Labour cess, Income-tax, Goods and Service tax, Cess and other material statutory dues were in arrears as at 31 March 2023 for a period of more than six months from the date they became payable consists of:

Annexure B to the Independent Auditors' report on the Standalone Financial Statements of KBC Global Limited for the period ended 31 March 2023.

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2 (A) (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Opinion

We have audited the internal financial controls with reference to standalone financial statements of KBC Global Limited (“the Company”) as of 31 March 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”).

Management’s Responsibility for Internal Financial Controls

The Company’s management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal

control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as “the Act”).

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating

effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of

standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

- b) Contingent liabilities include corporate guarantees issued by the Company and relied upon by the Auditors.
- c) The management is of the view that it was necessary to provide the corporate guarantees to further the business interest of the Company in the entities on whose behalf such guarantees have been provided and the management is of the view that there would be no sustainable claims on the Company in respect of these corporate guarantees.

The rate of interest, processing fees, any other charges levied by the lenders on

the entities availing loans are based on internal guidelines of the lenders depending on the merits of the underlying projects and their estimated cash flows. Majority of the corporate guarantees issued by the Company are basically to provide comfort by the Company as a shareholder of the Borrower entity to the Lenders. These corporate guarantees, in any case, do not result in any additional benefits to the borrowers. Accordingly, the fair value of the corporate guarantees is accepted to be immaterial.

The amount of loan referred as Corporate Guarantee in the aforementioned note, has become an NPA. However, the management is of the view that there will not be any future financial obligation associated with this NPA Loan as the security coverage of the other company is adequate to cover the potential amount of contingent liability that may arise in future.

Note 26: Financial Risk Management

Objectives and Policies

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

1. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument which fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Major financial instruments affected by market risk include loans and borrowings.

(a) Interest rate risk

Majority of the long-term borrowings of the Company bear fixed interest rate and thus interest rate risk is limited for the Company.

(b) Foreign currency risk

The Company is engaged in real estate business and the imports made by the company are very minimal for which

hedging instruments are not required.

(c) Equity price risk

The Company's equity securities are not majorly susceptible to market price risk.

2. Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure of the financial assets is contributed by trade receivables, unbilled revenue, cash and cash equivalents and receivables from group companies.

(a) Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, thereby substantially eliminating the Company's credit risk in this respect.

(b) Receivables resulting from other than sale of properties: Credit risk related to such receivables is managed as per Company's established policy, procedures and control. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major receivables. The Company does not hold collateral as security. The Company's credit period generally ranges from 30 to 90 days.

(c) Credit risk on cash and cash equivalents is limited as the Company generally invests deposit with banks which have high credit ratings.

3. Liquidity risk

However, the Company's Board of Directors reviews and approves all equity investment decisions after exercising due diligence which may affect the market related risk.

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company has access to funds from debt markets through loan from banks, commercial papers, fixed deposits from public and other debt instruments. The Company invests its surplus funds in bank fixed deposits and debt based mutual funds.

Note 27:

Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's management is to maximize shareholders value and to ensure the company's ability to continue as a going

concern.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may issue new shares. Consistent with others in the industry, the Company monitors its capital using the gearing ratio which is total net debt (borrowings offset by cash and cash equivalents) divided by total capital of the Company.

Gearing Ratio

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define the capital structure requirements. Breaches in meeting the financial covenants would permit the lenders to immediately call loans and borrowings.

The gearing ratio at the reporting period was as follows:

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2023

I. Company Overview

KBC Global Limited (“the Company”) having CIN: L45400MH2007PLC174194 is a public listed company, incorporated and domiciled in India having its registered office at 2nd Floor, Gulmohar Status, Above Business Bank, Samarth Nagar, Nashik – 422005, Maharashtra, India. The Company is engaged primarily in the business of real estate construction, development, civil contracts (EPC) and other related activities. The equity shares of the Company are listed on The Bombay Stock Exchange Limited (BSE) and The National Stock Exchange of India Limited (NSE).

II. Summary of Significant Accounting Policies

(a) Basis of preparation and measurement

The financial statements of the

Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) to comply with the Section 133 of the Companies Act, 2013 (“the 2013 Act”) and the relevant provisions and amendments, as applicable.

The financial statements have been prepared on accrual basis under the historical cost convention except certain financial instruments, defined benefit plans and share based payments measured at fair value.

The financial statements of the Company for the year ended March 31, 2023 were approved by the Board of Directors and authorized for issue on July 07, 2023.

(b) Operating cycle

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed and realization of project into cash and cash equivalents. Accordingly, project related assets and liabilities have been classified into current and non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non-current based on a period of twelve months.

(c) Fair value measurement

The Company's accounting policies and disclosures require the measurement of fair values for financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value

hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1 – quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 – inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(d) Revenue Recognition

Ind AS 115 – Revenue from Contracts with Customers has been notified by Ministry of Corporate Affairs (MCA) on March 28, 2018 and is effective from accounting period beginning on or after April 01, 2018, replaces existing revenue recognition requirements.

Under Ind AS 115, revenue is recognized when or as it satisfies each performance obligation by transferring a promised goods or services to a customer. A goods or service is considered to be transferred when the customer obtains control. Under Ind AS 115, transfer of control of a good or service over time rather than at a point

in time is considered when one of the following criteria are met:

- The Customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs.
- The entity's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

If it is not possible to demonstrate that the performance obligation is satisfied over time, the revenue cannot be recognized over time (means revenue is to be recognized following Completed Control Method, instead of Percentage of Completion Method (POCM)).

Costs incurred is being used to measure progress towards completion as there is a direct relationship between input and productivity. Determination of revenue under percentage of completion method necessarily involves making estimates, some of which are of technical nature, concerning where relevant, the percentage of completion, cost to completion, the expected revenue from the project or activity and the foreseeable losses to completion. The effect of changes, if any, to estimates is recognized in the financial statements for the period in which such changes are determined.

Revenue in excess of invoicing is classified as contract assets (which is referred as unbilled revenue) while invoicing in excess of revenues are

classified as contract liabilities (which is referred as unearned/deferred income).

Rental income from operating leases is recognized on a straight-line basis over the lease term.

The Company enters entering into Development and Project Management agreements with land-owners. Accounting for income from such projects, measured at fair value, is done on accrual basis as per the terms of the agreement.

The Company receives maintenance amount from the customers and utilize the same towards the maintenance of the respective projects. The balance amount of maintenance expenses to be incurred is reflected as liability under the head other current liabilities.

Revenue from sale of land is recognized when the agreement to sell is executed resulting in transfer of all significant risk and rewards of ownership and possession is handed over to the buyer.

Interest income is recognized on accrual basis at effective interest rate.

Dividend income is accounted when right to receive is established.

Share of Profit / (Loss) from partnership firms in which the Company is partner is recognized based on the financial information provided and confirmed by the respective firms.

(e)Property, Plant and Equipment:

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment, if any. The cost of property, plant and equipment includes purchase price, including freight, duties, taxes and any costs

directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment are derecognized from financial statements, either on disposal or when no economic benefits are expected from its use or disposal. The gain or losses arising from disposal of property, plant and equipment are recognized in the Statement of Profit and Loss in the year of occurrence.

Assets under construction include the cost of property, plant and equipment that are not ready to use at the balance sheet date. Advances paid to acquire property; plant and equipment before the balance sheet date are disclosed under other non-current assets. Assets under construction are not depreciated as these assets are not yet available for use

Subsequent expenditures

Subsequent expenditures related to an item of property, plant and equipment are added to its carrying value only when it is probable that the future economic benefits from the asset will flow to the Company and cost can be reliably measured. All other repair and maintenance costs are recognized in the Statement of Profit and Loss during the year in which they are incurred.

Depreciation and amortization

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation / Amortisation on property, plant & equipment of the Company has been provided using the straight-line method based on the useful life specified in Schedule II to the Companies Act, 2013.

Assets costing less than INR 5,000 are depreciated at 100% in the year of acquisition.

Assets acquired on lease and leasehold improvements are amortised over the primary period of the lease on straight line basis.

The estimated useful lives and residual values of the property, plant & equipment and intangible assets are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Investment property and depreciation

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

(e) Impairment of non-financial assets:

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceeds the estimated recoverable amount, an impairment loss is recognised for such excess amount. The impairment loss is recognised as an expense in the standalone statement of profit and loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a decrease to

the extent a revaluation reserve is available for that asset.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognized in the standalone statement of profit and loss, to the extent the amount was previously charged to the standalone statement of profit and loss. In case of revalued assets, such reversal is not recognised.

(f) Foreign currency transactions:

Transactions in foreign currencies are translated into the Company's functional currency at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at that date.

Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous standalone financial statements are recognised in the standalone statement of profit and loss in the period in which they arise.

(g) Investment in subsidiaries, joint ventures, partnership firms and associates:

Investments in equity shares and preference shares of subsidiaries, joint ventures, partnership firms and associate

are recorded at cost and reviewed for impairment at each reporting date and if any impairment is required, the same is recognized in the Statement of Profit and Loss.

(h) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial Assets

Initial recognition and measurement

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Subsequent measurement

For the purpose of subsequent measurement, the financial assets are classified as under:

i) Financial assets at amortised cost

A financial asset is measured at the amortised cost, if both of the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal

amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. Interest income from these financial assets is included in other income using the EIR in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

ii) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are classified as FVTOCI, if both of the following criteria are met:

- These assets are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Fair value movements are recognised in the other comprehensive income (OCI), except for the recognition of impairment gains or losses, interest income and foreign exchange gains or losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Profit or Loss and recognised in other income/(loss).

iii) Financial assets at fair value through

profit or loss (FVTPL)

Financial assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is recognized in profit or loss and presented net in the Statement of Profit and Loss within other income in the period in which it arises.

iv) Equity instruments

All equity instruments other than investments in associates are measured at fair value. Equity instruments which are for trading are classified as FVTPL. All other equity instruments are measured at fair value through other comprehensive income (FVTOCI). The classification is made on initial recognition and is irrevocable.

Where the Company's management has elected to present fair value gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in profit and loss when the Company's right to receive payments is established.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Impairment of financial assets

The Company applies 'simplified approach' for recognition of impairment loss on financial assets for loans, deposits and trade receivables.

The application of simplified approach does not require the Company to track

changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

De-recognition

A financial asset is derecognized when:

- the rights to receive cash flows from the assets have expired or
- the Company has transferred substantially all the risk and rewards of the asset, or
- the Company has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction cost.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. For trade and other payables maturing within operating cycle, the carrying amounts approximate the fair value due to short maturity of these instruments.

Loans and borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using Effective Interest Rate (EIR) method. Gain and losses are recognized in the Statement of Profit and Loss when the liabilities are derecognized.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction costs. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

De-recognition

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reflected in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(i) Inventories:

Inventories comprising of completed flats and construction-work-in progress are valued at lower of cost and net realisable value.

Construction work-in-progress includes cost of land, premium for development rights, construction costs, allocated interest and expenses incidental to the projects undertaken by the Company.

(j) Income Tax:

The tax expense comprises current and deferred tax. Tax is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity or in OCI.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- i) has a legally enforceable right to set off the recognised amounts; and
- ii) intends either to realise the asset and settle the liability on a net basis or simultaneously.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent there is convincing evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and

recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- i) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
- ii) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Minimum Alternative Tax (MAT)

MAT credit is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal tax during specified period. MAT credit is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

(k)Employee benefits:

Short term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services

rendered by employees are recognized as an expense during the period when the employees render the services.

Defined contribution plans

The Company's contribution to Provident Fund, Pension, Superannuation Fund and Employees State Insurance Fund are considered as defined contribution plans, as the Company does not carry any further obligations apart from the contribution made to the respective fund/scheme and are charged as an expense based on the amount of contribution required to be made.

benefit plans

The liability recognized in the balance sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefits obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefits expense in the Statement of Profit and Loss. Remeasurement gain and losses arising from experience adjustments, changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (OCI). They are included in retained earnings in the Statement of Change in Equity and in the Balance Sheet.

Leave Entitlement

Leave entitlement are provided based on an actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the Statement of Profit and Loss in the period in which they occur.

(l) Leases:

Finance Lease

Agreements are classified as finance leases, if substantially all the risks and rewards incidental to ownership of the leased asset is transferred to the lessee.

Operating Lease

Agreements which are not classified as finance leases are considered as operating lease.

Operating lease payments/income are recognised as an expense/income in the standalone statement of profit and loss on a straight-line basis over the lease term unless there is another systematic basis which is more representative of the time pattern of the lease.

(m) Borrowing Costs:

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing.

Borrowing costs, pertaining to development of long-term projects, are transferred to Construction work in progress, as part of the cost of the projects till the time all the activities

necessary to prepare these projects for its intended use or sale are complete.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

(n) Earnings per share:

Basic earnings per share is calculated by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is calculated by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.

(o) Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, demand deposit and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(p) Provisions and Contingent Liabilities:

The Company recognizes a provision when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognized nor disclosed in the financial statements.

(q)Dividend:

Dividend to the equity shareholders is recognized as a liability in the Company's financial statements in the period in which the dividend is approved by the shareholders.

(r)Events after reporting date:

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the standalone financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

(s) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

(t) USE OF ESTIMATES AND JUDGEMENTS

The preparation of the financial statements in conformity with Ind AS requires the use of estimates, judgements and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise.

Estimates and underlying assumptions are reviewed at each reporting date. Any revision to accounting estimates and assumptions are recognised prospectively i.e. recognised in the period in which the estimate is revised and future periods affected.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are as follows:

i. Evaluation of satisfaction of performance obligation over a time (percentage completion) for the purpose of revenue recognition

Determination of revenue under the satisfaction of performance obligation over a time method necessarily involves making estimates, some of which are of a

technical nature, concerning, where relevant, the timing of satisfaction of performance obligation, costs to completion, the expected revenues from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the financial statements for the period in which such changes are determined. The Company recognizes revenue when the company satisfies its performance obligation.

ii. Evaluation of Net Realisable Value (NRV) of Inventories

Inventories comprising of completed flats and construction-work-in progress are valued at lower of cost and net realisable value. Net Realisable value is based upon the estimates of the management. The effect of changes, if any, to the estimates is recognised in the standalone financial statements for the period in which such changes are determined.

iii. Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities. The period to maturity of the

underlying securities correspond to the probable maturity of the post-employment benefit obligations. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iv. Fair value measurement of financial instruments

When the fair values of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation technique. The inputs to these models are taken from the observable market where possible, but where this is not feasible, a review of judgement is required in establishing fair values. Any changes in the aforesaid assumptions will affect the fair value of financial instruments.

v. Impairment losses on investment

The Company reviews its carrying value of investments carried at amortised cost annually or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

vi. Deferred taxes

Deferred tax is recorded on temporary differences between tax bases of assets and liabilities and their carrying amounts, at the rates

that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profit during the periods in which those temporary differences and the tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable

income during the carry forward periods are reduced.

vii. Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the amount included in other provisions.

Note 40: Analytical Ratios

Ratio	Numerator - Basis	Denominator - Basis	Current Period FY 2022-23	Previous Period FY 2021-22	% Variance	Reasons for variance
Current Ratio (in times)	Total Current Assets	Total Current Liabilities	8.74	3.23	170.59%	During the year, the company has advanced loan to its Subsidiary company, therefore the amount of current assets has comparatively increased from last year and accordingly the deviation is more than 25%.
Debt - Equity Ratio (in times)	Debt consists of borrowings and lease liabilities.	Total Equity (TNW)	0.14	0.64	-78.28%	The amount of average total equity has increased due to conversion of FCCB at the option of the holder, accordingly, there is deviation in the ratio of more than 25%.

Net Profit Ratio (%)	Profit after Tax for the year	Revenue from Operations	- 13.97%	15.49%	- 190.19%	The company has reported loss for the current financial year, hence the ratio has decreased more than 25%.
Return on Capital Employed (%)	Profit before tax and finance costs	Capital Employed = Net worth + Lease Liabilities + Deferred Tax Liabilities	-0.32%	27.41%	- 101.17%	The company has reported loss for the current financial year and the amount of average total equity has increased due to conversion of FCCB at the option of the holder, and accordingly the deviation is more than 25%.
Return on Investment (%)	Interest on bank deposits	Average invested funds in bank deposits	2.29%	4.50%	-49.11%	As there is increase in the amount of fixed deposits made in the bank in proportion to the Interest income received, the deviation is more than 25%.

INDEPENDENT AUDITORS' REPORT

To The Members of KBC Global Limited

(Earlier known as Karda Constructions Limited)

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of KBC Global Limited (hereinafter referred to as the “the Holding Company”) and its subsidiary (the Holding Company and its subsidiary together referred to as “the Group”), which comprise the consolidated balance sheet as at 31 March 2023, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year ended on that date, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at 31 March 2023, and its consolidated profit (including other comprehensive income), consolidated

changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other

information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated changes in equity and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design,

implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the Companies are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies is also responsible for overseeing the financial reporting process of each company.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the

basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the

audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding financial information of such entities or business activities within the Group, to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for direction, supervision and performance of the audit of the financial information of such entities included in the consolidated financial statements of which we are the independent auditors.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

(a) During the period ending March 31, 2023, the Company has issued 950 Foreign Currency Convertible Bonds ("FCCB") of face value of USD 1,00,000 each amounting to face value of USD \$95.00 million at 1.50% Coupon Rate at a

discount of 15.00% and the Company raised USD 80.62 million (Net of 15% discount) i.e. on November 21, 2022. These FCCBs are listed on AFRINEX Exchange (Mauritius). Maturity tenure of these FCCBs is 37 months and is convertible into listed Equity Shares at the option of the holder of the FCCBs.

(b) During the course of these transactions, the Company have made certain violations as per Foreign Exchange Management Act ("FEMA"), 1999, Foreign Exchange Management (Borrowing and Lending) Regulation, 2018, Foreign Exchange Management (Transfer or issue of security by a person resident Outside India) Regulations, 2017 and FEMA Regulations, as amended from time to time. These violations include violations with respect to end use & deployment of funds borrowed in the form of External Commercial Borrowings ("ECB") and delay & erroneous reporting of respective forms under above mentioned Regulations and the Rules.

(c) The Company has attempted to remedy the violations. Further, the Company has filed a Compounding Application on May 8, 2023 to the Reserve Bank of India ("RBI") in the aforesaid matter which was further resubmitted on July 6, 2023. The said application is pending to be processed by the RBI. Financial implication cannot be quantified till the Compounding process is completed which may lead to additional liability on the Company.

(d) As per information received from the management, the company has provided the Corporate Guarantee in respect of the loans taken by Shree Sainath Land & Development (India) Private Limited from LIC Housing Finance Limited. However,

the said loan has become NPA now and the borrower has received demand notice u/s 13(2) of the Sarfaesi Act, 2002. Accordingly, corporate guarantee given by the company for such loan can be invoked which may lead to additional liability on the company. The company holds only 15% stake in Shree Sainath Land & Development (India) Private Limited.

Annexure A to the Independent Auditors' report on the consolidated financial statements of KBC Global Limited for the period ended 31 March 2023.

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph 2 (A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

IN conjunction with our audit of the consolidated financial statements of KBC Global Limited ("the Holding Company") as of and for the year ended 31 March 2023, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company ("the Group").

In our opinion, the Group has, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March

2023, based on the internal financial controls with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”).

Management’s Responsibility for Internal Financial Controls

The respective company’s management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as “the Act”).

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to consolidated financial statements based

on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference

to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

corporate guarantees issued by the Company to bankers and others on behalf of other companies and joint ventures for facilities availed by them (amount outstanding there against.) (Refer Footnote c)		
Total	9,907.05	9,907.05

Footnote:

- a) Interest / penalty that may accrue on original demands are not ascertainable, at present. The Company has taken necessary steps to protect its position with respect to the above referred claims, which in its opinion, based on professional / legal advice are not sustainable.
- b) Contingent liabilities include corporate guarantees issued by the Company and relied upon by the Auditors.
- c) The management is of the view that it was necessary to provide the corporate guarantees to further the business interest of the Company in the entities on whose behalf such guarantees have been provided and the management is

of the view that there would be no sustainable claims on the Company in respect of these corporate guarantees.

- d) The rate of interest, processing fees, any other charges levied by the lenders on the entities availing loans are based on internal guidelines of the lenders depending on the merits of the underlying projects and their estimated cash flows. Majority of the corporate guarantees issued by the Company are basically to provide comfort by the Company as a shareholder of the Borrower entity to the Lenders. These corporate guarantees, in any case, do not result in any additional benefits to the borrowers. Accordingly, the fair value of the corporate guarantees is accepted to be immaterial.

The amount of loan referred as Corporate Guarantee in the aforementioned note, has become an NPA. However, the management is of the view that there will not be any future financial obligation associated with this NPA Loan as the security coverage of the other company is adequate to cover the potential amount of contingent liability that may arise in future.

Note 26: Financial Risk Management Objectives and Policies

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

1. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument which fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate

risk, currency risk and other price risk, such as equity price risk. Major financial instruments affected by market risk include loans and borrowings.

(a) Interest rate risk

Majority of the long-term borrowings of the Company bear fixed interest rate and thus interest rate risk is limited for the Company.

(b) Foreign currency risk

The Company is engaged in real estate business and the imports made by the company are very minimal for which hedging instruments are not required.

(c) Equity price risk

The Company's equity securities are not majorly susceptible to market price risk. However, the Company's Board of Directors reviews and approves all equity investment decisions after exercising due diligence which may

affect the market related risk.

2. Credit Risk

(a) Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, thereby substantially eliminating the Company's credit risk in this respect.

(b) Receivables resulting from other than sale of properties: Credit risk related to such receivables is managed as per Company's established policy, procedures and control. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major receivables. The Company does not hold collateral as security. The Company's credit period generally ranges from 30 to 90 days.

(c) Credit risk on cash and cash equivalents is limited as the Company generally invests deposit with banks which have high credit ratings.

3. Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company has access to funds from debt markets through loan from banks, commercial papers, fixed deposits from public and other debt instruments. The Company invests its surplus funds in bank fixed deposits and debt based mutual funds.

Note 27:

Capital Management

For the purpose of the Company's management, capital includes issue capital and all other equity reserves attributable to the equity holders of the Company. The objective of the Company's management is to maximize shareholders value and to ensure the company's ability to continue as a going concern.

The Company manages its capital structure and makes adjustments in light of changing economic conditions and the requirements of financial covenants. To maintain or adjust its capital structure, the Company may issue new shares. Consistent with others in the industry, the Company monitors its capital using the gearing ratio which is total net debt (borrowings and cash and cash equivalents) divided by total equity of the Company.

Gearing Ratio

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define the capital structure requirements. Breaches in meeting the financial covenants would

permit the lenders to immediately call loans and borrowings.

The gearing ratio at the reporting period was as follows:

I. Group Overview

KBC Global Limited (“the Company”) having CIN: L45400MH2007PLC174194, together with its subsidiary collectively referred to as (“the Group”), is engaged primarily in the business of real estate construction, development, civil contracts (EPC) and other related activities. The Company is a public listed company, incorporated and domiciled in India having its registered office at 2nd Floor, Gulmohar Status, Above Business Bank, Samarth Nagar, Nashik – 422005, Maharashtra, India. The Company. The equity shares of the Company are listed on The Bombay Stock Exchange Limited (BSE) and The National Stock Exchange of India Limited (NSE).

II. Summary of Significant Accounting Policies

(a) Basis of preparation and measurement –

Statement of compliance

The financial statements of the subsidiary used for the purpose of consolidation are drawn upto the same reporting date as that of the Company, i.e. March 31, 2023.

The consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting

Standards (Ind AS) to comply with the Section 133 of the Companies Act, 2013 (“the 2013 Act”) and the relevant provisions and amendments, as applicable.

The consolidated financial statements have been prepared on accrual basis under the historical cost convention except certain financial instruments, defined benefit plans and share based payments measured at fair value.

The consolidated financial statements of the Group for the year ended March 31, 2023 were approved by the Board of Directors and authorized for issue on July 07, 2023.

(b) Functional and presentation currency

These consolidated financial statements are presented in Indian rupees, which is also the functional currency of the Group. All financial information presented in Indian rupees has been rounded to the nearest lakhs, unless otherwise stated.

(c) Operating cycle

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed and realization of project into cash and cash equivalents. Accordingly, project related assets and liabilities have been classified into current and non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non-current based on a period of twelve months.

(d) Basis of Consolidation

i. Business Combination

The Group accounts for each business combination (other than common control transactions) by applying the acquisition method. The acquisition date is the date on which control is transferred to the acquirer. Judgment is applied in determining the acquisition date and determining whether control is transferred from one party to another.

The Group measures goodwill as of the applicable acquisition date at the fair value of the consideration transferred, including the recognised amount of any non-controlling interest in the acquiree, less the net recognised amount (measured at fair value) of the identifiable assets acquired and liabilities (including contingent liabilities in case such a liability represents a present obligation and arises from a past event, and its fair value can be measured reliably) assumed. When the fair value of the net identifiable assets acquired and liabilities assumed exceeds the consideration transferred, a bargain purchase gain is recognised as capital reserve.

Consideration transferred includes the fair values of the assets transferred, liabilities incurred by the Group to the previous owners of the acquiree, and equity interests issued by the Group. Consideration transferred also includes the fair value of any contingent consideration. Consideration transferred does not include amounts related to settlement of preexisting relationships.

Transaction costs that the Group incurs in connection with a business

combination are expensed as incurred except to the extent related to the issue of debt or equity securities.

Acquisitions of non-controlling interests are accounted for as transactions with equity holders in their capacity as equity holders. The difference between any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity.

Common control transactions are accounted for based on pooling of interests method where the assets and liabilities of the acquiree are recorded at their existing carrying values. The identity of reserves of the acquiree is preserved and the difference between consideration and the face value of the share capital of the acquiree is transferred to capital reserve, which is shown separately from other capital reserves.

The financial information in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the consolidated financial statements irrespective of the actual date of the combination.

ii. Subsidiaries

Subsidiaries are all entities (including special purpose entities) that are controlled by the Company. Control exists when the Group is exposed to, or has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. The financial statements of the Company and its subsidiaries have been combined on a line-by-line basis while eliminating the

carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. The financial statements of subsidiaries are included in these consolidated financial statements from the date that control commences until the date that control ceases. For the purpose of preparing these consolidated financial statements, the accounting policies of subsidiaries have been changed where necessary to align them with the policies adopted by the Group.

Upon loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in the consolidated statement of profit and loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost and the differential is recognised in the consolidated statement of profit and loss. Subsequently, it is accounted for as an equity-accounted investee depending on the level of influence retained.

iii. Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated in full while preparing these consolidated financial statements. Unrealised gains or losses arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Deferred tax asset or liability is created on any temporary differences that arise

from the elimination of profits and losses resulting from intragroup transactions.

iv. Acquisition of non-controlling interest

Acquisition of some or all of the non-controlling interest ("NCI") is accounted for as a transaction with equity holders in their capacity as equity holders. Consequently, the difference arising between the fair value of the purchase consideration paid and the carrying value of the NCI is recorded as an adjustment to retained earnings that is attributable to the Company. The associated cash flows are classified as financing activities. No goodwill is recognised as a result of such transactions.

(e) Fair value measurement

The Company's accounting policies and disclosures require the measurement of fair values for financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1 – quoted (unadjusted) market prices in active markets for identical assets or liabilities.

- Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 – inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(f) Revenue Recognition

Ind AS 115 – Revenue from Contracts with Customers has been notified by Ministry of Corporate Affairs (MCA) on March 28, 2018 and is effective from accounting period beginning on or after April 01, 2018, replaces existing revenue recognition requirements.

Under Ind AS 115, revenue is recognized when or as it satisfies each performance obligation by transferring a promised goods or services to a customer. A goods or service is considered to be transferred when the customer obtains control. Under Ind AS 115, transfer of control of a good or service over time rather than at a point in time is considered when one of the following criteria are met:

- The Customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs.
- The entity's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

If it is not possible to demonstrate that the performance obligation is satisfied over time, the revenue cannot be recognized over time (means revenue is to be recognized following Completed Control Method, instead of Percentage of Completion Method (POCM)).

Costs incurred is being used to measure progress towards completion as there is a direct relationship between input and productivity. Determination of revenue under percentage of completion method necessarily involves making estimates, some of which are of technical nature, concerning where relevant, the percentage of completion, cost to completion, the expected revenue from the project or activity and the foreseeable losses to completion. The effect of changes, if any, to estimates is recognized in the financial statements for the period in which such changes are determined.

Revenue in excess of invoicing are classified as contract assets (which is referred as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which

is referred as unearned/deferred income).

Rental income from operating leases is recognized on a straight line basis over the lease term.

The Company enters entering into Development and Project Management agreements with land-owners. Accounting for income from such projects, measured at fair value, is done on accrual basis as per the terms of the agreement.

The Company receives maintenance amount from the customers and utilize the same towards the maintenance of the respective projects. The balance amount of maintenance expenses to be incurred is reflected as liability under the head other current liabilities.

Revenue from sale of land is recognized when the agreement to sell is executed resulting in transfer of all significant risk and rewards of ownership and possession is handed over to the buyer.

Interest income is recognized on accrual basis at effective interest rate.

Dividend income is accounted when right to receive is established.

Share of Profit / (Loss) from partnership firms in which the Company is partner is recognized based on the financial information provided and confirmed by the respective firms.

(g) Property, Plant and Equipment:

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment, if any. The cost of property, plant and

equipment includes purchase price, including freight, duties, taxes and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment are derecognized from financial statements, either on disposal or when no economic benefits are expected from its use or disposal. The gain or losses arising from disposal of property, plant and equipment are recognized in the Statement of Profit and Loss in the year of occurrence.

Assets under construction include the cost of property, plant and equipment that are not ready to use at the balance sheet date. Advances paid to acquire property; plant and equipment before the balance sheet date are disclosed under other non-current assets. Assets under construction are not depreciated as these assets are not yet available for use

Subsequent expenditures

Subsequent expenditures related to an item of property, plant and equipment are added to its carrying value only when it is probable that the future economic benefits from the asset will flow to the Company and cost can be reliably measured. All other repair and maintenance costs are recognized in the Statement of Profit and Loss during the year in which they are incurred.

Depreciation and amortization

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation / Amortisation on property, plant & equipment of the Company has been provided using the straight line method based on the useful life specified in Schedule II to the Companies Act, 2013.

Assets costing less than INR 5,000 are depreciated at 100% in the year of acquisition.

Assets acquired on lease and leasehold improvements are amortised over the primary period of the lease on straight line basis.

The estimated useful lives and residual values of the property, plant & equipment and intangible assets are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Investment property and depreciation

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

(h) Impairment of non-financial assets:

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceeds the estimated recoverable amount, an impairment loss is recognised for such excess amount. The impairment loss is recognised as an expense in the consolidated statement of profit and loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a decrease to the extent a revaluation reserve is available for that asset.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognized in the consolidated statement of profit and loss, to the extent the amount was previously charged to the consolidated statement of profit and loss. In case of revalued assets, such reversal is not recognized.

(i) Foreign currency transactions:

Transactions in foreign currencies are translated to the respective functional currencies of entities within the Group at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at that date.

Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were

translated on initial recognition during the period or in previous consolidated financial statements are recognised in the consolidated statement of profit and loss in the period in which they arise.

In case of foreign operations whose functional currency is different from the Company's functional currency, the assets and liabilities of such foreign operations, including goodwill and fair value adjustments arising upon acquisition, are translated to the reporting currency at exchange rates at the reporting date. The income and expenses of such foreign operations are translated to the reporting currency at the average exchange rates prevailing during the year. Resulting foreign currency differences are recognised in other comprehensive income or (loss) and presented within equity as part of foreign currency translation reserve (FCTR). When a foreign operation is disposed of, in part or in full, the relevant amount in the FCTR is transferred to the consolidated statement of profit and loss.

(j) Investment in subsidiaries, joint ventures, partnership firms and associates:

Investments in equity shares and preference shares of subsidiaries, joint ventures, partnership firms and associate are recorded at cost and reviewed for impairment at each reporting date and if any impairment is required, the same is recognized in the Statement of Profit and Loss.

(k) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one

entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

De-recognition

A financial asset is derecognized when:

- the rights to receive cash flows from the assets have expired or
- the Company has transferred substantially all the risk and rewards of the asset, or
- the Company has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Financial Assets

Initial recognition and measurement

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Subsequent measurement

For the purpose of subsequent measurement, the financial assets are classified as under:

v) Financial assets at amortised cost

A financial asset is measured at the amortised cost, if both of the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. Interest income from these financial assets is included in other income using the EIR in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

vi) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are classified as FVTOCI, if both of the following criteria are met:

- These assets are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely

payments of principal and interest (SPPI) on the principal amount outstanding.

Fair value movements are recognised in the other comprehensive income (OCI), except for the recognition of impairment gains or losses, interest income and foreign exchange gains or losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Profit or Loss and recognised in other income/(loss).

vii) Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is recognized in profit or loss and presented net in the Statement of Profit and Loss within other income in the period in which it arises.

viii) Equity instruments

All equity instruments other than investments in associates are measured at fair value. Equity instruments which are for trading are classified as FVTPL. All other equity instruments are measured at fair value through other comprehensive income (FVTOCI). The classification is made on initial recognition and is irrevocable.

Where the Company's management has elected to present fair value

gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in profit and loss when the Company's right to receive payments is established.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Impairment of financial assets

The Company applies 'simplified approach' for recognition of impairment loss on financial assets for loans, deposits and trade receivables.

The application of simplified approach does not require the Company to track

Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction cost.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. For trade and other payables maturing within operating cycle, the carrying amounts approximate the fair value due to short maturity of these instruments.

Loans and borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using Effective Interest Rate (EIR) method. Gain and losses are recognized in the Statement of Profit and Loss when the liabilities are derecognized.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction costs. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

De-recognition

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reflected in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(I) Inventories:

Inventories comprising of completed flats and construction-work-in progress are valued at lower of cost and net realisable value.

Construction work-in-progress includes cost of land, premium for development rights, construction costs, allocated interest and expenses incidental to the projects undertaken by the Company.

(m)Income Tax:

The tax expense comprises current and deferred tax. Tax is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity or in OCI.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- iii) has a legally enforceable right to set off the recognised amounts; and
- iv) intends either to realise the asset and settle the liability on a net basis or simultaneously.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent there is convincing evidence that sufficient taxable profit will be available against which such deferred

tax asset can be realised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- i) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
- ii) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Minimum Alternative Tax (MAT)

MAT credit is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal tax during specified period. MAT credit is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

(n) Employee benefits:

Short term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

Defined contribution plans

The Company's contribution to Provident Fund, Pension, Superannuation Fund and Employees State Insurance Fund are considered as defined contribution plans, as the Company does not carry any further obligations apart from the contribution made to the respective fund/scheme and are charged as an expense based on the amount of contribution required to be made.

Defined benefit plans

The liability recognized in the balance sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefits obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefits expense in the Statement of Profit and Loss. Remeasurement gain and losses arising from experience adjustments, changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (OCI). They are included in retained

earnings in the Statement of Change in Equity and in the Balance Sheet.

Leave Entitlement

Leave entitlement are provided based on an actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the Statement of Profit and Loss in the period in which they occur.

(o) Leases:

Finance Lease

Agreements are classified as finance leases, if substantially all the risks and rewards incidental to ownership of the leased asset is transferred to the lessee.

Operating Lease

Agreements which are not classified as finance leases are considered as operating lease.

Operating lease payments/income are recognised as an expense/income in the consolidated statement of profit and loss on a straight line basis over the lease term unless there is another systematic basis which is more representative of the time pattern of the lease.

(p) Borrowing Costs:

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing.

Borrowing costs, pertaining to development of long term projects, are transferred to Construction work in progress, as part of the cost of the

projects till the time all the activities necessary to prepare these projects for its intended use or sale are complete.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

(q) Earnings per share:

Basic earnings per share is calculated by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is calculated by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.

(r) Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, demand deposit and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(s) Provisions and Contingent Liabilities:

The Company recognizes a provision when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognized nor disclosed in the financial statements.

(t) Dividend:

Dividend to the equity shareholders is recognized as a liability in the Company's financial statements in the period in which the dividend is approved by the shareholders.

(u) Events after reporting date:

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the consolidated financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

(v) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

(w) USE OF ESTIMATES AND JUDGEMENTS

The preparation of the financial statements in conformity with Ind AS requires the use of estimates, judgements and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise.

Estimates and underlying assumptions are reviewed at each reporting date. Any revision to accounting estimates and assumptions are recognised prospectively i.e. recognised in the period in which the estimate is revised and future periods affected.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are as follows:

viii. Evaluation of satisfaction of performance obligation over a time (percentage completion) for the purpose of revenue recognition

Determination of revenue under the satisfaction of performance obligation over a time method necessarily involves making estimates, some of which are of a technical nature, concerning, where

relevant, the timing of satisfaction of performance obligation, costs to completion, the expected revenues from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the financial statements for the period in which such changes are determined. The Company recognizes revenue when the company satisfies its performance obligation.

ix. Evaluation of Net Realisable Value (NRV) of Inventories

Inventories comprising of completed flats and construction-work-in progress are valued at lower of cost and net realisable value. Net Realisable value is based upon the estimates of the management. The effect of changes, if any, to the estimates is recognised in the consolidated financial statements for the period in which such changes are determined.

x. Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities. The period to maturity of the underlying securities correspond to the probable maturity of the post-

employment benefit obligations. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

xi. Fair value measurement of financial instruments

When the fair values of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation amount, the impairment loss is accounted for.

xiii. Deferred taxes

Deferred tax is recorded on temporary differences between tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profit during the periods in which those temporary differences and the tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income

technique. The inputs to these models are taken from the observable market where possible, but where this is not feasible, a review of judgement is required in establishing fair values. Any changes in the aforesaid assumptions will affect the fair value of financial instruments.

xii. Impairment losses on investment

The Company reviews its carrying value of investments carried at amortised cost annually or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying

in making this assessment. The amount of deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward periods are reduced.

xiv. Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the amount included in other provisions.

Note 40: Analytical Ratios

Ratio	Numerator – Basis	Denominator - Basis	Current Period FY 2022-23	Previous Period FY 2021-22	% Variance	Reasons for variance

Current Ratio (in times)	Total Current Assets	Total Current Liabilities	3.12	3.22	-3.11%	-
Debt - Equity Ratio (in times)	Debt consists of borrowings and lease liabilities.	Total Equity (TNW)	0.14	0.64	-78.28%	The amount of average total equity has increased due to conversion of FCCB at the option of the holder, accordingly, there is deviation in the ratio of more than 25%.
Debt Service Coverage Ratio (in times)	Earning for Debt Service = Net Profit after taxes + Non-cash operating expenses + Interest + Other non-cash adjustments	Debt Service = Interest and lease payments + Principal repayments	-0.10	1.03	-109.71%	The company has reported loss for the current financial year, hence the Earning for Debt Service has become negative and accordingly the DSCR decreased for more than 25%.
Return on Equity Ratio (%)	Profit for the year less Preference dividend (if any)	Average Total Equity	-0.69%	13.08%	-105.24%	The company has reported loss for the current financial year and the amount of average total equity has increased due to conversion of FCCB at the option of the holder. Therefore, there is deviation in the ratio of more than 25%.
Inventory Turnover Ratio (in times)	Cost of raw materials consumed + Changes in inventories of finished goods, work-in-progress and stock-in-trade	Average Inventory	0.67	0.52	28.85%	Due to increase in Consumption of raw material during the financial year, the Inventory Turnover Ratio has increased.

Trade Receivables Turnover Ratio (in times)	Revenue from operations (including other income)	Average Trade Receivables	1.43	1.58	-9.68%	-
Trade Payables Turnover Ratio (in times)	Cost of raw materials consumed + Changes in inventories of finished goods, work-in-progress and stock-in-trade	Average Trade Payables	3.87	5.06	-23.52%	-
Net Capital Turnover Ratio (in times)	Revenue from operations (including other income)	Average Working Capital (i.e. Total Current Assets less Total Current Liabilities)	0.49	0.65	-24.62%	-
Net Profit Ratio (%)	Profit after Tax for the year	Revenue from Operations	-0.03	15%	-119.44%	The company has reported loss for the current financial year, hence the ratio has decreased more than 25%.
Return on Capital Employed (%)	Profit before tax and finance costs	Capital Employed = Net worth + Lease Liabilities + Deferred Tax Liabilities	0.01	27%	-96.71%	The company has reported loss for the current financial year and the amount of average total equity has increased due to conversion of FCCB at the option of the holder, and accordingly the deviation is more than 25%.
Return on Investment (%)	Interest on bank deposits	Average invested funds in bank deposits	2.29%	4.50%	-49.11%	As there is increase in the amount of fixed deposits made in the bank in proportion to the Interest income received, the deviation is more than 25%.

Board Resolution dated 07.09.2023)
Date: September 7, 2023**

Notes:

- The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 (“the Act”) setting out material facts concerning the business under Item No. 4 & 5 of the accompanying Notice, is annexed hereto.
- A member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a member of the Company. Since the AGM is being held in accordance with the Circulars through VC, the facility for the appointment of proxies by the members will not be available.
- Participation of members through VC will be reckoned for the purpose of quorum for the AGM as per Section 103 of the Act.

- Members of the Company under the category of Institutional Investors are encouraged to attend and vote at the AGM through VC. Corporate members intending to authorize their representatives to participate and vote at the meeting are requested to send a certified copy of the Board resolution / authorization letter to the company by email to admin@kardaconstruction.com.
- The Register of directors and key managerial personnel and their shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available for electronic inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM, i.e. September 30, 2023. Members seeking to inspect such documents can send an email to admin@kardaconstruction.com.
- Members whose shareholding is in electronic mode are requested to notify any change in address or bank account details to their respective depository participant(s) ("DP"). Members whose shareholding is in physical mode are requested to opt for the Electronic Clearing System ("ECS") mode to receive dividend on time in line with the Circulars.
- Members are requested to address all correspondence, including dividend-related matters, to RTA, Link Intime India Private Limited, C 101, 247 Park, L.B.S. Marg, Vikhroli (West), Mumbai - 400083.
- In compliance with Section 108 of the Act, read with the corresponding rules, Regulation 44 of the LODR Regulations and in terms of SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020, the Company has provided a facility to its members to exercise their votes electronically through the electronic voting ("evoting") facility provided by Link Intime India Private Limited ("LIPL"). Members who have cast their votes by remote e-voting prior to the AGM may participate in the AGM but shall not be entitled to cast their votes again.
- The manner of voting remotely by members holding shares in dematerialized mode, physical mode and for members who have not registered their email addresses is provided in the "Instructions for e-voting" section which forms part of this Notice. The Board has appointed Mr. Amar Patil of M/S Amar Patil & Associates Practicing Company Secretaries, as the Scrutinizer to scrutinize the e-voting in a fair and transparent manner.
- Members holding shares either in physical or dematerialized form, as on cut-off date, i.e. as on September 23, 2023, may cast their votes electronically. The e-voting period commences on Tuesday, September 26, 2023 (9:00 a.m. IST) and ends on Friday, September 29, 2023 (5:00 p.m. IST). The e-voting module will be disabled thereafter. A member will not be allowed to vote again on any resolution on which vote has already been cast. The voting rights of members shall be proportionate to their share of the paid-up equity share capital of the Company as on the cut-off date, i.e. as on September 23, 2023. A person who is not a member as on the cut-off date is requested to treat this Notice for information purposes only.

- The facility for voting during the AGM will also be made available. Members present in the AGM through VC and who have not cast their vote on the resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through the e-voting system during the AGM.
- Any person holding shares in physical form, and non-individual shareholders who acquire shares of the Company and become members of the Company after the Notice is sent and holding shares as of the cut-off date, i.e. September 23, 2023, may obtain the login ID and password by sending a request at instameet@linkintime.co.in. However, if he / she is already registered with NSDL for remote e-voting, then he / she can use his / her existing user ID and password for casting the vote. In case of individual shareholders holding securities in demat mode, who acquire shares of the Company and become members of the Company after the Notice is sent and holding shares as of the cut-off date i.e. September 23, 2023, may follow steps mentioned in the Notice under “Instructions for e-voting”.
- In compliance with the Circulars, the Annual Report 2022-2023, the Notice of the 16th AGM, and instructions for e-voting are being sent through electronic mode to those members whose email addresses are registered with the Company / depository participant(s).
- We urge members to support our commitment to environmental protection by choosing to receive the Company’s communication through email. Members holding shares in demat mode, who have not registered their email addresses are requested to register their email addresses with their respective depository participants, and members holding shares in physical mode are requested to update their email

addresses with the Company’s RTA, Link Intime Private Limited at instameet@linkintime.co.in to receive copies of the Annual Report 2022-2023 in electronic mode.
